

DATAFORT

VAULTING SERVICE COMPARISON

Bytebaq Service – Bytebaq makes backing up your PC or laptop easy. Simply install and Bytebaq starts backing up all the data on your computer or refine your data selections through the Options menu. But the best thing about Bytebaq is the price. Backup everything on your PC or laptop for £35 per year (plus VAT.)

Data Vaulting – (DATAFORT Bronze) Offsite data backup to DataFort's vaults maintained in financial grade EU compliant data centres.
